Hong Kong International School

Temperature Check Log

1. Parents/Guardians should take their children's body temperature before they go to school each day. If their children have a fever (a temperature higher than 37.5°C or 99.5 F), he/she should consult a doctor promptly, take sick leave and stay at home and rest.
2. Parents/Guardians should record their children's temperature and sign on the temperature check log daily. The log should be returned to school every week: Lower Primary, Upper Primary, and Middle School students should hand their temperature check logs into their homeroom teachers on the last school day each week (normally Friday). High School students should hand their logs into their homeroom teacher every Day 7.
3. Please also complete during weekends and holidays.

Name of student : _____ Class : _____

Homeroom teacher : _____

Week ending :_____

Date	Time of taking temperature	Temperature	Signature of Parent/Guardian
