

How to Clear your Browser Cache in Firefox

1. Go to the menu item **History** -> **Clear Recent History...**

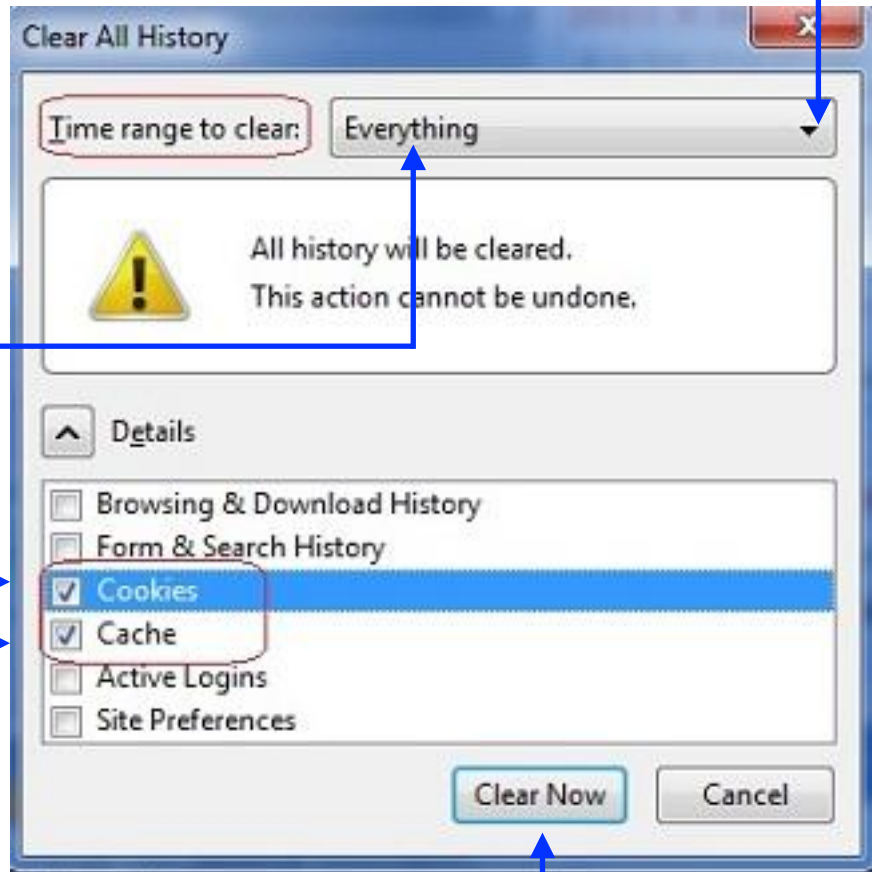

2. Click the "**Time Range to Clear**" dropdown box

3. Choose "**Everything**".

4. Select / Click on the checkboxes:

"**Cookies**"

"**Cache**"

5. Click "**Clear Now**"

6. Close and re-open your Firefox browser.

7. Browse the web page in question & check that the web page now functions as expected.
